## Intro course Project

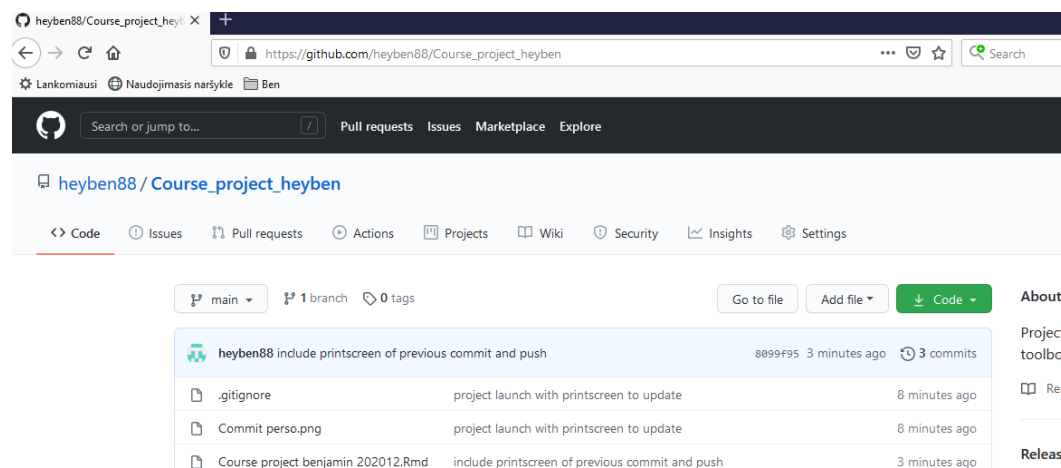

This is an R Markdown document for my course project. It will be filled with printscreen of the installed softwares, of my github accounts and of itself.

## Commit and push and include on my github depository

I commit and push to github

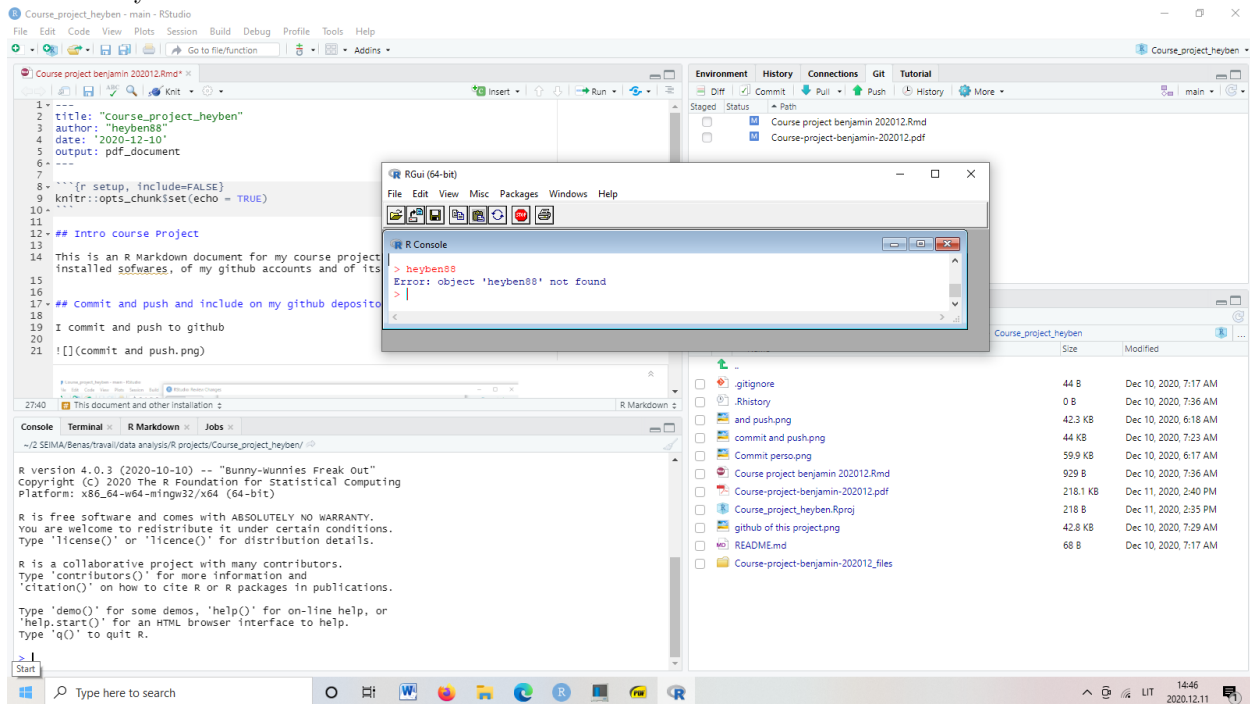

My github page for this project:

## This document and other installation

I successfully installed R and R studio.

## Including Plots

You can also embed plots, for example:

Note that the `echo = FALSE` parameter was added to the code chunk to prevent printing of the R code that generated the plot.
